

SUMMARY

Computer Science Engineering undergraduate with hands-on experience in Full Stack Development, AI-powered applications, and IoT-based systems. Skilled in Python, React.js, JavaScript, MongoDB, Flask, and REST APIs. Experienced through multiple internships in web development and cloud technologies. Passionate about developing scalable software solutions, problem-solving, and continuously learning modern technologies. Seeking Software Development or Full Stack Engineering opportunities where I can contribute to innovative products.

EDUCATION

B.Tech - Computer Science Engineering.

SRM Institute of science and Technology - Trichy.

CGPA – 7.72

Expected Graduation: 2027

INTERNSHIP

1) Full Stack Developer Intern

Inforios Software Technology

Dec 2025 – Jan 2026

- Developed responsive full-stack web applications using Python and React.js.
- Integrated MongoDB database with backend APIs.
- Collaborated with developers to improve application functionality.
- Participated in debugging, testing, and deployment activities.

2) Web Development Intern

Code Bind Technologies

Jun 2025 – Jul 2025

- Designed responsive websites using HTML, CSS, and JavaScript.
- Improved UI/UX and optimized website performance.
- Worked with Git for version control and collaborative development.

3) Python Full Stack Virtual Intern

EduSkills (AICTE NEAT Cell)

Jul 2025 – Sep 2025

- Built Python full-stack applications.
- Developed REST APIs and connected databases.
- Learned deployment and backend development concepts.

4) Cloud Virtual Internship

EduSkills (AICTE NEAT Cell)

Oct 2024 – Dec 2024

- Learned cloud computing fundamentals.
- Worked on cloud services and deployment concepts.

CERTIFICATION

- Getting Started with Artificial Intelligence - IBM Skills Build
- MERN Stack Frontend To Backend – Coursera
- MongoDB Course - Certificates
- Cloud Foundation And Generative AI Foundations certificates – AWS Academy
- ICCIT 2025 - British University Vietnam
- SPARK 2025 – KPRIET Tamil Nadu.

HACKATHONS

- **Participant – Police Hackathon 2026**
- **Participant – AGAM 8.0 2025**

SKILLS & TOOLS

- **Languages:** Python, C ,Java
- **Skills:** HTML, CSS, JavaScript, React.js, Flask, REST APIs
- **Database:** SQL, MongoDB
- **Concepts:** Full Stack Development, Web Development, Machine Learning, IoT, NLP, Data Analysis Problem Solving , Team Collaboration & Analytical Thinking , Requirement Analysis.
- **Tools:** Git, GitHub, VS Code, Postman, Microsoft Excel, Microsoft PowerPoint, Microsoft Word

PROJECTS

1) Edge-Based Real-Time Poultry Environmental Monitoring System.

- Developed a real-time poultry monitoring dashboard using React.js, and MongoDB.
- Integrated sensor-based environmental monitoring with live data visualization.
- Improved farm management through real-time alerts and analytics.

2) Flock Metrics – Poultry Production Tracking System.

- Built a poultry inventory and production tracking platform.
- Developed dashboard modules for monitoring production and inventory.
- Implemented secure database management using MongoDB.

3) Livestock Poultry Management System.

- Developed a full-stack livestock management application.
- Managed poultry records, inventory, and health information.
- Built using Python, React.js, MongoDB, HTML, CSS, and JavaScript.

4) AI Resume Matching System.

- Developed an AI-powered resume screening platform.
- Automated candidate-job matching using Python and SQL.
- Improved recruitment efficiency through intelligent resume analysis.

5) E-Commerce Website.

- Developed a responsive online shopping platform.
- Implemented authentication, product management, and order modules.
- Built using Python, HTML, CSS, and JavaScript.

PUBLICATIONS

- 1) **AI-Powered Livestock Health Management System and Anomaly Detection Using Simple AI Tools**
ICCIT 2025 – British University, Vietnam
Presented research on AI-based livestock health monitoring and anomaly detection.
- 2) **Online Car Rental Portal**
SPARK 2025 – KRP Institute of Engineering and Technology
Presented a research paper on an online vehicle rental platform.
